

# School tandem

2015  
2016

THIRD EDITION

## Cultural exchange project between foreign classes and Syrian classes

School tandem is a continuative exchange project for children in a foreign country and Syrian children. Children produce texts, drawings, photos, but also video and audio on the same subjects. The materials are delivered electronically in the form of an e-magazine.

to stimulate knowledge of different cultures, promote

collaborative research and work, curiosity and active participation in learning activities of children.

to promote the knowledge of English language as lingua franca for communication among students and teachers.

to encourage teachers and children to the use of communication technologies in teaching and learning with the use of graphical tools, text

processing

to encourage interactivity, artistic and narrative production, collaboration and learning autonomy

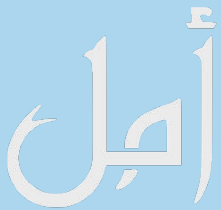

### Why joining?

amal for education

- \* to give children in conflict and need some of your time and place making them feel they are not alone
- \* to teach your students the value of understanding other's cultures

- \* to stimulate creativity in your students
- \* because it is free, it costs only your effort your creativity and your time

Amal for Education 'School is your freedom' campaign has received the Patronage of the Italian Ministry of Foreign Affairs and International Cooperation

one teaches  
two learn

# How Amal for Education helps you in your School Tandem

- Amal for Education keeps contacts between your school and Syrian schools.
- We provide a guide for the exchange and present the activities in class.
- We give linguistic and technical support for the exchange.
- We give the class a booklet with a selection of the best productions of the exchange on both your side and the Syrian side
